## INDEPENDENT AUDITOR'S REPORT

To The Board of Supervisors and the Grand Jury  
County of Mariposa  
Mariposa, California

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Mariposa, California (County), as of and for the year ended June 30, 2008, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit.

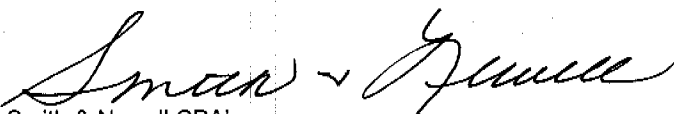

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County as of June 30, 2008, and the respective changes in financial position, and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated February 9, 2009, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and important for assessing the results of our audit.

The accompanying Required Supplementary Information, such as the Management's Discussion and Analysis, the Schedule of Funding Progress, the Budgetary Comparison Schedules, and other information as listed in the table of contents is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, the combining fund statements and schedules and the separately issued Financial Data Schedule are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund statements and schedules and the Financial Data Schedule have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on it.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**(Unaudited)**

**THIS PAGE INTENTIONALLY LEFT BLANK**

# **Management Discussion and Analysis**

**June 30, 2008**

This section of the Mariposa County Annual Financial Report presents a discussion and analysis of the County's financial performance during the fiscal year ended June 30, 2008. Please read it in conjunction with the County's basic financial statements following this section.

Mariposa County is an agency of the Commonwealth of California and is governed by the Mariposa County Board of Supervisors.

Mariposa County provides various governmental services including public protection, public ways and road construction, public health, public assistance, planning, solid waste facilities, airport, library and parks. There are also eleven special districts governed by the Board of Supervisors providing lighting, sewer, water and parking services.

## **FINANCIAL HIGHLIGHTS**

The net assets of the County increased in both Governmental and Business-Type activities for the fiscal year. Of this amount, \$8,004,493 is unrestricted net assets that may be used to meet ongoing obligations to citizens and creditors, \$9,663,041 is restricted for specific purposes and \$44,260,487 is invested in capital assets, net of related debt.

The County has maintained a general reserve of \$2,312,417 under Government Code 29085 and 29086. This represents 5.16% of the 2007-08 general fund adopted budget.

Major Long-Term Debt in Governmental Activities increased by a net amount of \$518,352 for all funds over the year. This was primarily due to Limited Obligation Improvement Bonds issued for the construction of the Lake Don Pedro Waste Water Treatment Plant (\$980,937), an increase of \$80,685 in the Closure/Post Closure liability for the landfill and reductions of debt in other areas. Amounts due within one year for long-term debt for governmental activities was \$1,189,322. Long-Term Debt in Business-Type Activities had a net increase of \$34,357 with amounts due within one year at \$78,939.

## **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to Mariposa County's basic financial statements. Mariposa County's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

## **STATEMENT OF NET ASSETS**

The Statement of Net Assets presents information on all of the county's assets and liabilities, with the difference between the two reported as net assets. Increases and decreases in net assets may serve as a useful indicator of whether or not the financial position of the County is improving or deteriorating. The statement of net assets also provides information on unrestricted and restricted net assets and net assets invested in capital assets, net of related debt.

## SUMMARY OF THE STATEMENT OF NET ASSETS

	Governmental Activities		Business-type Activities	
	2008	2007	2008	2007
Current Assets	\$ 26,402,051	\$ 26,164,191	\$ 1,397,827	\$ 1,666,149
Non-Current Assets	44,799,629	45,543,348	13,852,221	9,059,992
<b>Total Assets</b>	<b>71,201,680</b>	<b>71,707,539</b>	<b>15,250,048</b>	<b>10,726,141</b>
Current Liabilities	7,959,371	9,521,874	323,824	446,120
Non-Current Liabilities	10,774,955	10,491,100	5,465,557	5,430,440
<b>Total Liabilities</b>	<b>18,734,326</b>	<b>20,012,974</b>	<b>5,789,381</b>	<b>5,876,560</b>
Net Assets	<u>\$ 52,467,354</u>	<u>\$ 51,694,565</u>	<u>\$ 9,460,667</u>	<u>\$ 4,849,581</u>

## LONG TERM DEBT

Information on major long term debt for Mariposa County is as follows:

Description	Amount of Debt at June 30, 2008	Interest Rate	Remaining Years on Loan	Term of Loan
Government Center	1,692,000	5.000%	10	20

Debt Service		
Principal	282,794	229,772
Interest	403,740	246,805
Capital Outlay	5,697,960	7,119,051
Total Expenditures	\$ 51,830,933	\$ 49,271,040

## **ECONOMIC OUTLOOK AND NEXT YEAR'S BUDGET**

The financial health of Mariposa County is connected to the tourism industry so considerable attention will need to be given to the economic changes affecting State and local governments. The unemployment rate for Mariposa County has been increasing and is generally higher than the average for California. The financial changes affecting the State of California could have consequences for Mariposa County and could effect our planning for the future.

Transient Occupancy Tax, a major source of discretionary revenue for the county, has moderately continued to increase through June 30, 2008. Sales Tax revenue has stabilized without significant growth. The Secured and Unsecured property tax rolls increased 6.6% over last year. Building permit activity and real estate sales has decreased significantly and so we are anticipating a hopeful 2% growth in the rolls.

The county continues to deal with rising employee costs, particularly retirement benefits and Other Post Employment Benefits (OPEB). CALPers is the provider of all retirement benefits for the county and has been affected by the economic downturn. In consideration of that we are forecasting a rate increase from CALPers in the 2010-11 fiscal year.

## **REQUESTS FOR INFORMATION**

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the government's finances. Questions concerning this report or requests for additional information should be directed to the Mariposa County Auditor's Office, P.O. Box 729, Mariposa, California 95338-0729.

**RECONCILIATION OF THE GOVERNMENTAL FUND BALANCES**  
**TO THE GOVERNMENT-WIDE STATEMENT OF**  
**NET ASSETS - GOVERNMENTAL ACTIVITIES**  
**JUNE 30, 2008**

<b>Total Fund Balance - Total Governmental Funds</b>	<b>\$ 18,574,210</b>
Amounts reported for governmental activities in the statement of net assets are different because:	
Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds balance sheets.	40,458,891
Other long term assets are not available to pay for current period expenditures and therefore, are not reported in the funds or are reported as deferred in the governmental funds.	
Accounts receivable	557,139
Deferred revenue	985,010
Certain liabilities are not due and payable in the current period and therefore, are not reported in the governmental funds.	
Certificates of participation	(1,692,000)
Bonds payable	(8,377,609)
Installment contracts	(198,032)
Compensated absences	(1,655,248)
Internal service funds are used by management to charge the cost of certain activities, such as insurance and equipment maintenance and operations, to individual funds. The assets and liabilities of the internal service funds must be added to the statement of net assets.

**COUNTY OF MARIPOSA, CALIFORNIA**  
**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,**  
**AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE**  
**GOVERNMENT-WIDE STATEMENT OF ACTIVITIES - GOVERNMENTAL ACTIVITIES**  
**FOR THE YEAR ENDED JUNE 30, 2008**

**Net Change in Fund Balances - Total Governmental Funds** **\$ (547,283)**

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Expenditures for capital outlay	5,697,960
Depreciation expense	(1,111,191)
Assets transferred to enterprise funds	(5,160,727)
Various adjustments affecting capital assets (including sales, trade-ins, and developer contributions)	(2,344)

Governmental funds only report the disposal of assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal. This is the cost of the capital assets disposed. There were no significant proceeds.

1,552

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.

Principal retirements	282,794
Proceeds from issuance of debt	(980,937)

Some revenues reported in the statement of activities will not be collected for several months after the County's year end and do not provide current financial resources and therefore are not reported as revenues in the governmental funds.

Change in accounts receivable	251,465
Change in taxes receivable	(40,987)
Change in deferred revenue	(16,233)

Some expenses reported in the statement of activities, do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.

Change in compensated absences	167,740
--------------------------------	---------

Internal service funds are used by management to charge the cost of certain activities, such as insurance and equipment maintenance and operations, to individual funds. The net revenue (expense) of certain internal service funds is reported with governmental activities

# **BASIC FINANCIAL STATEMENTS**

**Notes to Basic Financial Statements**

**THIS PAGE INTENTIONALLY LEFT BLANK**

**COUNTY OF MARIPOSA, CALIFORNIA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2008**

**NOTE 1: FINANCIAL REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Reporting Entity**

The County operates under an Administrator-Board of Supervisors form of government and provides various services on a countywide basis including law and justice, education, detention, social services and health, fire protection, road construction, road maintenance, transportation, park and recreation facilities, elections and records, communications, planning, zoning, and tax collection.

The accounting methods and procedures adopted by the County conform to generally accepted accounting principles as applied to governmental entities. These financial statements present the government and its component units, entities for which the government is considered to be financially accountable under the criteria set by Governmental Accounting Standards Board (GASB) Statement No. 14.

The governmental reporting entity consists of the County (Primary Government) and its component units. Component units are legally separate organizations for which the Board of Supervisors is financially accountable or other organizations whose component units nature and significant relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and (i) either the County's ability to impose its will on the organization or (ii) there is potential for the organization to provide a financial benefit to or impose a financial burden on the County.

Reporting for component units on the County's financial statements can be blended or discretely presented. Blended component units are, although legally separate entities, in substance part of the County's operations and, therefore, data from these units are combined with data of the primary government. Discretely presented component units, on the other hand, would be reported in a separate column in the government-wide financial statements to emphasize it is legally separate from the government.

For financial reporting purposes, the County's basic financial statements include all financial activities that are controlled by or are dependent upon actions taken by the County's Board. The financial statements of the individual component units may be obtained by writing to the County of Mariposa, Auditor-Controller's Office, PO Box 729, Mariposa, California, 95338.

Component units that are blended into the reporting activity types of the County's report are presented below:

**Water Agency**

The Water Agency was established to provide water services to residents. The governing body is substantially the same as the primary government, and the County and the component unit are financially interdependent, hence, the unit is presented by blending with the primary government.

**Local Transportation Commission**

The Local Transportation Commission was established to provide transportation services to residents. The governing body is substantially the same as the primary government, and the County and the component unit are financially interdependent, hence, the unit is presented by blending with the primary government.

**B. Basis of Presentation**

**Government-Wide Financial Statements**

The statement of net assets and statement of activities display information on all of the non-fiduciary activities of the County, and its blended component units. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the County. Governmental activities, which are normally supported by taxes and inter-governmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees charged to external parties.

**COUNTY OF MARIPOSA, CALIFORNIA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2008**

**NOTE 1: FINANCIAL REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES  
(CONTINUED)**

**B. Basis of Presentation (Continued)**

The statement of activities presents a comparison between direct expenses and program revenues for each different identifiable activity of the County's business-type activities and each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and; therefore, are clearly identifiable to a particular function. Certain indirect costs, which cannot be identified and broken down, are included in the program expense reported for individual functions and activities. Program revenues include (1) charges paid by the recipients of goods and services offered by the program, (2) operating grants and contributions, and (3) capital grants and contributions. Taxes and other items not properly included among program revenues are presented instead as general revenues.

**Fund Financial Statements**

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the County or meets the following criteria:

- Total assets, liabilities, revenues or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- Total assets, liabilities, revenues or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The County reports the following major governmental funds:

- The General fund is used to account for all revenues and expenditures necessary to carry out basic governmental activities of the County that are not accounted for through other funds. For the County, the General Fund includes such activities as public protection, public ways and facilities, health and welfare, public assistance, education, and recreation services.
- The Road fund is a special revenue fund used to account for revenue and expenditures for streets and road expansion.
- The Assistance fund is a special revenue fund used to account for revenues and expenditures for assistance programs.

The County reports the following major proprietary funds:

- The Solid Waste Operations fund is an enterprise fund used to account for solid waste activity.
- The Solid Waste Closure fund is an enterprise fund used to account for activity related to solid waste closure activity.
- The Airport fund is an enterprise fund used to account for airport activity.

**COUNTY OF MARIPOSA, CALIFORNIA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2008**

**NOTE 1: FINANCIAL REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**  
**(CONTINUED)**

**B. Basis of Presentation (Continued)**

The County reports the following additional fund types:

- Internal Service Funds account for the County's fleet maintenance, fire replacement, vehicle replacement, heavy equipment replacement, and self insurance programs which provide services to other departments on a cost reimbursement basis.
- The Investment Trust Funds account for the assets of legally separate entities that deposit cash with the County Treasurer. The entities include school and community college districts, other special districts governed by local boards, regional boards and authorities, and pass through funds for tax collections for cities. These funds represent the assets, primarily cash and investments, and the related liability of the County to disburse these monies on demand.
- Agency Funds account for assets held by the County as an agent for various local governments and for individuals.

**C. Basis of Accounting and Measurement Focus**

The government-wide, proprietary funds and fiduciary funds financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. However, because agency funds only report assets and liabilities, they do not have a measurement focus. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property and sales tax, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from sales tax are recognized when the underlying transactions take place. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. The County considers revenues reported in the governmental funds to be available if they are collected within sixty days after the end of the current fiscal year. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures as well as expenditures related to claims and judgments are recorded only when payment is due. Governmental capital assets acquisitions are reported as expenditures in the various functions of the governmental funds. Proceeds of governmental long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, sales taxes, franchise taxes, grants, entitlements, special assessments and investment earnings associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues in the current fiscal period when they meet the measurable and available criteria. Fines, licenses and permits, and charges for services are considered to be measurable and available only when the County receives cash.

For its business-type activities and enterprise funds, the County has elected under Governmental Accounting Standards Board (GASB) Statement No. 20, "Accounting and Financial Reporting For Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting", to apply all applicable GASB pronouncements as well as any applicable pronouncements of the Financial Accounting Standards Board, the Accounting Principles Board or any Accounting Research Bulletins issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements. The County has elected not to follow subsequent private-sector guidance. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes accounting principles generally accepted in the United States of America (GAAP) for governmental units.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise and internal service funds are charges to customers for sales and services. Operating expenses for enterprise and internal service funds include the costs of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

**COUNTY OF MARIPOSA, CALIFORNIA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2008**

**NOTE 1: FINANCIAL REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**  
**(CONTINUED)**

**D. Cash and Cash Equivalents**

For purposes of the accompanying statement of cash flows, the County considers all highly liquid investments with a maturity of three months or less when purchased, to be cash equivalents. All cash and investments of the proprietary fund types are pooled with the County's pooled cash and investments.

**E. Cash and Investments**

The County sponsors an investment pool that is managed by the County Treasurer. The Treasurer invests on behalf of most funds of the County and external participants in accordance with the California State Government Code and the County's investment policy. State statutes authorize the County to invest its cash surplus in obligations of the U.S. Treasury, agencies and instrumentalities, corporate bonds, medium term notes, bankers' acceptances, certificates of deposit, commercial paper, repurchase agreements, and the State of California Local Agency Investment Fund.

Investment transactions are recorded on the trade date. Investments are reported at fair value which is determined using selected bases annually. The fair value represents the amount the County could reasonably expect to receive for an investment in a current sale between a willing buyer and seller. Short term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Cash deposits are reported at carrying amount which reasonably estimates fair value. Managed funds not listed on an established market are reported at the estimated fair value as determined by the respective fund managers based on quoted sales prices of the underlying securities.

Participant's equity in the investment pool is determined by the dollar amount of participant deposits, adjusted for withdrawals and distributed investment income. Investment income is determined on an amortized cost basis. Amortized premiums and accreted discounts, accrued interest, and realized gains and losses, net of expenses, are apportioned to pool participants every quarter. This method differs from the fair value method used to value investments in these financial statements, as unrealized gains or losses are not apportioned to pool participants. During the fiscal year ended June 30, 2008, the County Treasurer has not entered into any legally binding guarantees to support the participant equity in the investment pool.

Income from pooled investments is allocated to the individual funds or external participants based on the fund or participant's average daily cash balance at quarter end in relation to the total pool investments. Interest income earned in agency funds where there are no interest earnings requirements are assigned to the General Fund per County Policy. Income from non-pooled investments is recorded based on the specific investments held by the fund. The interest income is recorded in the fund that earned the interest.

**F. Receivables**

In the government-wide and proprietary fund financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivable balances for the governmental activities include taxes, grants, and interest. Business-type activities report user fees and interest earnings as their major receivables.

In the fund financial statements, material receivables in governmental funds include revenue accruals such as taxes, grants, interest, and other similar intergovernmental revenues since they are usually both measurable and available. Nonexchange transactions collectible but not available are deferred in the fund financial statements in accordance with modified accrual, but not deferred in the government-wide financial statements in accordance with the accrual basis. Interest and investment earnings are recorded when earned only if paid within 60 days since they would be considered both measurable and available.

**COUNTY OF MARIPOSA, CALIFORNIA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2008**

**NOTE 1: FINANCIAL REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**G. Interfund Transactions**

Interfund transactions are reflected as either loans, services provided or used, reimbursements or transfers.

Loans reported as receivables and payables are referred to as either "due to/from other funds" (i.e. the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans) as appropriate and are subject to elimination upon consolidation. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances". Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not available financial resources.

Services provided or used, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses.

Reimbursements occur when the funds responsible for particular expenditures or expenses repay the funds that initially paid for them. Such reimbursements are treated as an adjustment to expenditures or expenses; that is, a corresponding increase in expenditures or expenses in the reimbursing fund and a corresponding decrease in expenditures or expenses in the reimbursed fund.

All other interfund transactions are treated as transfers. Transfers between governmental and proprietary funds are netted as part of the reconciliation to the government-wide presentation.

See Note 3 for details of interfund transactions, including receivables and payables at year end.

**H. Inventory and Prepaid Costs**

Inventories are stated at cost (first-in, first-out basis) for governmental and proprietary funds. Inventory recorded by governmental funds includes postage and materials and supplies for roads. Governmental fund inventories are recorded as expenditures at the time the inventory is consumed. Inventory recorded by proprietary funds include supplies for internal service funds. Proprietary fund inventories are recorded as expenses at the time the inventory is consumed.

Certain payments to vendors reflect costs applicable to future accounting periods and are accounted for as prepaid costs.

**I. Loans Receivable**

The Mariposa County Water Agency fund had loans receivable at June 30, 2008 as follows:

Mariposa Public Utility District - Idle Wheels Water System (semi-annual payments of \$11,835, including both principal and interest, commencing January 1, 1990 over 20 years at 1 percent interest rate)	\$ 17,678
Mariposa Public Utility District - Loaned monies for a water tank project with a zero interest rate. Payments are made through hook up fees of \$755 each.	<u>967,332</u>
Total Loans Receivable	<u>\$ 985,010</u>

**J. Capital Assets**

Capital assets, which include property, plant, equipment, and infrastructure assets (roads, bridges, sidewalks, water, sewer, and similar items), are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the County as assets with a cost of more than \$5,000 for equipment and improvements and an estimated useful life of more than three years. Such assets are recorded at historical or estimated historical cost. Contributed capital assets are recorded at estimated fair market value at the date of donation.

The accounting treatment over property, plant, and equipment (capital assets) depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

**COUNTY OF MARIPOSA, CALIFORNIA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2008**

**NOTE 1: FINANCIAL REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES  
(CONTINUED)**

**J. Capital Assets (Continued)**

**Government-Wide Financial Statements**

In the government-wide financial statements, property, plant, equipment, and infrastructure are accounted for as exhaustible capital assets in the governmental or business-type activities column.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

<u>Depreciable Asset</u>	<u>Estimated Lives</u>
Equipment	3-25 years
Structures and improvements	5-50 years
Infrastructure	20-75 years

Maintenance and repairs are charged to operations when incurred. Betterments and major improvements which significantly increase values, change capacities or extended useful lives are capitalized. Upon sale or retirement of capital assets, the cost and related accumulation depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

**Fund Financial Statements**

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same as in the government-wide statements.

**K. Unearned Revenue/Deferred Revenue**

Unearned revenue is recorded for assets recognized in connection with a transaction before the earnings process is complete. Those assets are offset by a corresponding liability for unearned revenue.

Deferred revenue is recorded under the modified accrual basis of accounting when revenue which has been earned during the current period has met the measurable criteria but has not met the available criteria.

See Note 3 for details of unearned/deferred revenues at year end.

**L. Long-Term Debt**

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term debt consists primarily of certificates of participation, bonds payable, installment contracts, accrued compensated absences, capital leases payable, and closure/post closure liability.

Long-term debt for governmental funds is not reported as a liability in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest is reported as expenditures. The accounting for proprietary funds is the same in the fund financial statements as it is in the government-wide financial statements.

**COUNTY OF MARIPOSA, CALIFORNIA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2008**

**NOTE 1: FINANCIAL REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**  
**(CONTINUED)**

**M. Compensated Absences**

It is the County's policy to permit employees to accumulate earned but unused vacation leave. In the government-wide financial statements the accrued compensated absences is recorded as an expense and related liability, with the current portion estimated based on historical trends. In the governmental fund financial statements, the expenditures and liabilities related to those obligations are recognized only when they mature. In the proprietary funds the accrued compensated absences is recorded as an expense and related liability in the year earned. The County includes its share of social security and medicare taxes payable on behalf of the employees in the accrual for compensated absences.

**N. Fund Balances/Net Assets**

Equity is classified as net assets and displayed in three components:

- Invested in capital assets, net of related debt – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- Restricted net assets – Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation. These principally include restrictions for capital projects, debt service requirements and other special revenue fund purposes.
- Unrestricted net assets – All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

When both restricted and unrestricted net assets are available, unrestricted resources are depleted first before the restricted resources are used.

In the governmental fund financial statements reserves and designations segregate portions of fund balance. Reservations of fund balance are for amounts that are not available or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance are established by action of management and represent tentative plans that are subject to change.

At June 30, 2008, reservations of fund balance included:

Reserved for Long-Term Receivables - to reflect the portion of assets which do not represent available, spendable resources.

Reserved for Inventory - to reflect the portion of assets which do not represent available spendable resources.

Reserved for Debt Service - to reflect the funds held for future payment on debt principal and interest.

At June 30, 2008, designations of fund balance included:

Designated for General Reserve - to reflect the funds the County has set aside to fund subsequent year expenditures and projects not yet approved.

Designated for Unemployment - to reflect the funds the County has set aside to fund subsequent unemployment expenditures.

Designated for Accrued Benefits - to reflect the funds the County has set aside to fund accrued benefits.

Designated for POB - to reflect funds the County has set aside to fund pension obligation bonds.

**COUNTY OF MARIPOSA, CALIFORNIA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2008**

**NOTE 1: FINANCIAL REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**N. Fund Balances/Net Assets (Continued)**

As of June 30, 2008, the County's designations are reported in the financial statements as follows:

	<u>General</u>	<u>Other Governmental Funds</u>
Designated for:		
General reserve	\$ 2,312,417	\$ 259,921
Unemployment	43,000	-
Accrued benefits	160,000	-
POB	<u>2,000,000</u>	<u>-</u>
Total	<u>\$ 4,515,417</u>	<u>\$ 259,921</u>

**O. Property Tax**

The State of California's (State) Constitution Article XIII A provides that the combined maximum property tax rate on any given property may not exceed 1 percent of its assessed value unless an additional amount for general obligation debt has been approved by voters. Assessed value is calculated at 100 percent of market value, as defined by Article XIII A, and may be adjusted by no more than 2 percent per year unless the property is sold or transferred. The State Legislature has determined the method of distribution of receipts from a 1 percent tax levy among the County, cities, school districts, and other districts.

The County of Mariposa is responsible for assessing, collecting, and distributing property taxes in accordance with State law. Property taxes are levied on both secured (real property) and unsecured (personal property other than land and buildings) property. Supplemental property taxes are assessed upon transfer of ownership in property or completion of new construction.

The County levies, bills, and collects property taxes as follows:

	<u>Secured</u>	<u>Unsecured</u>
Valuation/lien dates	January 1	January 1
Levy dates	October 1	July 1
Due Dates	November 1 (1 <sup>st</sup> installment) February 1 (2 <sup>nd</sup> installment)	July 1
Delinquent dates	December 10 (1 <sup>st</sup> installment) April 10 (2 <sup>nd</sup> installment)	August 31

The term "unsecured" refers to taxes on personal property other than land and buildings. These taxes are secured by liens on the personal property being taxed. Property tax revenues are recognized in the fiscal year for which they are levied, provided they are due and collected within sixty days after fiscal year-end.

**P. Grant Revenues**

Certain grant revenues are recognized when specific related expenditures have been incurred. In other grant programs, monies are virtually unrestricted as to purpose of expenditure and are only revocable for failure to comply with prescribed compliance requirements. These revenues are recognized at the time of receipt, or earlier if susceptible to accrual criteria is met. Cash received prior to incurrence of the related expenditure is recorded as unearned revenue.

**COUNTY OF MARIPOSA, CALIFORNIA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2008**

**NOTE 1: FINANCIAL REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**  
**(CONTINUED)**

**Q. Expenditures/Expenses**

In the government-wide financial statements, expenses are classified by function for both governmental and business-type activities.

In the fund financial statements, expenditures are classified as follows:

Government Funds – By Character  
     Current (further classified by function)  
     Debt Service  
     Capital Outlay  
 Proprietary Fund – By Operating and Nonoperating

**R. Estimates**

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**NOTE 2: STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

**A. Restatement of Fund Balance/Net Assets**

Adjustments resulting from errors or a change to comply with provisions of the accounting standards are treated as adjustments to prior periods. Accordingly, the County reports these changes as restatements of beginning net assets. During the current year the County analyzed unearned revenues and determined that the Water Agency unearned revenues would be more correctly classified as deferred revenues.

The impact of the restatements on the net assets on the government-wide financial statements as previously reported is presented below:

	Governmental Activities
Net Assets, June 30, 2007, as previously reported	\$ 51,694,565
Adjustment associated with:	
Correction of deferred revenues	1,001,243
Total Adjustments	1,001,243
Net Assets, July 1, 2008, as restated	\$ 52,695,808

**B. Deficit Fund Balance/Net Assets**

The following major governmental fund had a deficit fund balance at June 30, 2008. The deficit is expected to be eliminated through future reimbursements.

Assistance fund	\$ 436,349
-----------------	------------

The following non-major governmental funds had deficit fund balances at June 30, 2008. These deficits are expected to be eliminated through future reimbursements and through cost containment.

Law Library	\$ 2,145
Road Special Projects fund	225,918
Coulterville Service Area fund	104,808
COPS Grant fund	3,653
LAFCO fund	1,968
IHSS Public Authority Program fund	44,656
Land Buildings and Improvements fund	41,222
Mariposa Creek R81606-0 fund	1,518
Yosemite West Wastewater Treatment Plant fund	250,207
Parks Grant - Prop 40 fund	212,019

**COUNTY OF MARIPOSA, CALIFORNIA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2008**

**NOTE 2: STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

**B. Deficit Fund Balance/Net Assets**

The following major enterprise fund had a deficit net asset balance at June 30, 2008. This deficit is expected to be eliminated through future additional funding.

Solid Waste Closure	\$ 1,668,884
---------------------	--------------

The following internal service funds had deficit net asset balances at June 30, 2008. These deficits are expected to be eliminated through future user charges.

Risk Management Workers' Compensation fund	\$ 2,292,924
Risk Management Liability fund	43,879

**C. Gann Spending Limitation**

Under Article XIII B of the California Constitution (the Gann Spending Limitation), the County is restricted as to the amount of annual appropriations from proceeds of taxes, and if proceeds of taxes exceed allowed appropriations, the excess must either be refunded to the State Controller or returned to the taxpayers through revised tax rates, revised fee schedules or other refund arrangements. The County did not exceed its spending limit for the year ended June 30, 2008.

**D. Implementation of Governmental Accounting Standards Board Statements**

**GASB Statement No. 50**

The County implemented GASB Statement No. 50, Pension Disclosures. This statement, an amendment of GASB Statement No. 25 and No. 27, enhances the information disclosed in the notes to the financial statements or presented as required supplementary information (RSI). Statement No. 50 is intended to improve the transparency and decision usefulness of reported information about pensions by state and local governmental plans and employers, and conforms to the applicable changes adopted in Statement No. 45 which will be implemented by the County in the fiscal year ending June 30, 2009.

**NOTE 3: DETAILED NOTES**

**A. Cash and Investments**

The County sponsors an investment pool that is managed by the County Treasurer for the purpose of increasing interest earnings through investment activities. The investment pool is not registered with the Securities and Exchange Commission as an investment company. Investments made by the Treasurer are regulated by the California Government Code and by the County's investment policy. The objectives of the policy are in order of priority, safety, liquidity, yield and public trust. The County has established a treasury oversight committee to monitor and review the management of public funds maintained in the investment pool in accordance with Article 6 Section 27131 of the California Government Code. The oversight committee and the Board of Supervisors review and approve the investment policy annually. The County Treasurer prepares and submits a comprehensive investment report to the members of the oversight committee and the investment pool participants every quarter. The report covers the type of investments in the pool, maturity dates, par value, actual cost and fair value. All cash and investments with the exception of deposits with fiscal agents are considered a part of the investment pool.

The County sponsored investment pool includes both internal and external participants. The portion of the pool attributable to external pool participants, which are considered involuntary participants, are included in the primary government as an Investment Trust Fund which does not have separate financial reports. The State of California statutes require certain special districts and other governmental entities to maintain their cash surplus with the County Treasurer. The net assets value of involuntary participation in the investment pool totaled \$5,671,448 at June 30, 2008.

As of June 30, 2008, the County's cash and investments are reported in the financial statements as follows:

Primary government	\$ 21,601,066
Investment trust funds	5,671,448
Agency funds	<u>1,423,605</u>
Total Cash and Investments	<u>\$ 28,696,119</u>

**COUNTY OF MARIPOSA, CALIFORNIA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2008**

**NOTE 3: DETAILED NOTES (CONTINUED)**

**A. Cash and Investments (Continued)**

As of June 30, 2008, the County's cash and investments consisted of the following:

Cash:	
Cash on hand	\$ 5,082
Deposits (less outstanding checks)	<u>3,339,114</u>
Total Cash	<u>3,344,196</u>
Investments:	
In Treasurer's pool	<u>25,280,879</u>
Total Cash and Investments in County Pool	<u>28,625,075</u>
Deposits with Fiscal Agents external to the pool	<u>71,044</u>
Total Cash and Investments	<u>\$ 28,696,119</u>

**Cash**

At year end, the carrying amount of the County's cash deposits (including amount in checking accounts and money market accounts) was \$3,339,114 and the bank balance was \$5,246,054. The difference between the bank balance and the carrying amount represents outstanding checks and deposits in transit.

**Custodial Credit Risk For Deposits** - Custodial Credit Risk is the risk that, in the event of the failure of a depository financial institution, the County will not be able to recover its deposits or collateral securities that are in the possession of an outside party. The County's investment policy requires that deposits in banks must meet the requirements of the California Government Code. Under this code, deposits of more than \$100,000 must be collateralized at 105 percent to 150 percent of the value of the deposit to guarantee the safety of the public funds. The first \$100,000 of the County's deposits are insured by the Federal Deposit Insurance Corporation and the balance in excess of \$100,000 is fully collateralized.

**Investments**

As of June 30, 2008, the County's investments consisted of the following:

		<u>Maturities</u>				
	<u>Interest Rates</u>	<u>0-1 year</u>	<u>1-5 years</u>	<u>Over 5 years</u>	<u>Fair Value</u>	<u>Weighted Average Maturity (Years)</u>
<b>Investments in Investment Pool</b>						
Government Agencies	3.45 - 6.87%	\$ 7,281,698	\$ 7,433,144	\$ -	\$ 14,714,842	1.68
Medium and Corporate Notes	4.00 - 6.00%	502,805	6,046,732	-	6,549,537	3.06
Local Agency Investment Fund (LAIF)	Variable	3,416,541	-	-	3,416,541	-
Corporate Obligation	5.15%	-	599,959	-	599,959	3.38
Total Pooled Investments		<u>\$ 11,201,044</u>	<u>\$ 14,079,835</u>	<u>-</u>	<u>25,280,879</u>	<u>1.41</u>

**Interest Rate Risk** - Interest rate risk is the risk of loss due to the fair value of an investment falling due to interest rates rising. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in the market interest rate. Through its investment policy, the County manages its exposure to fair value losses arising from increasing interest rates by limiting the maturity of its investments to 5 years or less. Of the County's \$25,280,879 investment portfolio, over 44% of the investments have a maturity of one year or less. Of the remainder, none have a maturity of more than 5 years.

**Credit Risk** - Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. State law and County investment policy limit investments in commercial paper to the rating of A1 by Standards and Poor's or P-1 by Moody's Investors Service. State law also limits investments in corporate bonds to the rating of A by both Standards & Poor's and Moody's Investors Service. The County does not have credit limits on U.S. government securities or U.S. government agency securities. The County's investment policy does not further limit its investment choices.

Concentration of Credit Risk - Concentration of credit risk is the risk of loss attributed to the magnitude of the County's investment in a single issuer of securities. When investments are concentrated in one issuer, this concentration presents a heightened risk of potential loss. State law restricts the County's investments in commercial paper to 40% of its investment pool and to 10% per issuer, and corporate notes and negotiable certificates of deposit to 30% of its investment pool and to 10% per issuer. Nearly 59% of the County's investments at year-end are in U.S. Government or Agencies issues. There is no limitation on amounts invested in these types of issues.

Investment in Local Agency Investment Fund - The County of Mariposa is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. At June 30, 2008, the County's investment position in the State of California Local Agency Investment Fund (LAIF) was \$3,416,541, which approximates fair value and is the same as the value of the pool shares. The total amount invested by all public agencies in LAIF on that day was \$70,024,464,150. Of that amount, 85.28% is invested in non-derivative financial products and 4.72% in structured notes and asset-backed securities. The value of the pool shares in LAIF is determined on an amortized cost basis, which approximates fair value. The Local Investment Advisory Board, which consists of five members designated by State Statute, has oversight responsibility for LAIF.

**County Investment Pool Condensed Financial Information**

**D. Long-Term Liabilities**

The following is a summary of all long-term liabilities transactions for the year ended June 30, 2008:

	Balance July 1, 2007	Additions	Retirements	Adjustments	Balance June 30, 2008	Amounts Due Within One Year
<b>Governmental Activities</b>						
Certificates of Participation	\$ 1,820,000	\$ -	\$ 128,000	\$ -	\$ 1,692,000	\$ 134,000
Bonds	7,519,672	980,937	123,000	-	8,377,609	116,000
Installment Contracts	229,826	-	31,794	-	198,032	32,652
Capital Leases (Note 3E)	37,421	-	-	18,222	19,199	19,199
Compensated Absences (Note 1M)	1,839,006	907,519	1,069,088	-	1,677,437	887,471
<b>Total Governmental Activities</b>	<b>\$ 11,445,925</b>	<b>\$ 1,888,456</b>	<b>\$ 1,351,882</b>	<b>\$ 18,222</b>	<b>\$ 11,964,277</b>	<b>\$ 1,189,322</b>
<b>Business-Type Activities</b>						
Certificates of Participation	\$ 3,098,000	\$ -	\$ 36,000	\$ -	\$ 3,062,000	\$ 37,000
Closure/Post Closure (Note 3E)	2,303,326	80,685	-	-	2,384,011	-
Capital Leases (Note 3E)	67,453	-	9,940	-	57,513	10,431
Compensated Absences (Note 1M)	41,360	40,224	40,612	-	40,972	31,508
<b>Total Business-Type Activities</b>	<b>\$ 5,510,139</b>	<b>\$ 120,909</b>	<b>\$ 86,552</b>	<b>\$ -</b>	<b>\$ 5,544,496</b>	<b>\$ 78,939</b>

Internal service funds predominately serve the governmental funds. Accordingly, long-term liabilities for these funds are included as part of the above totals for governmental activities. The capital lease liability is liquidated by lease payments made by the departments leasing the equipment. Compensated absences for the governmental activities are generally liquidated by the fund where the accrued liability occurred.

At June 30, 2008, Certificates of Participation consisted of the following:

County Government Center Certificates of Participation, dated June 30, 1999, payable in annual installments of \$82,850 to \$209,000 with an interest rate of 5.00% and maturity of August 1, 2017. The certificates were used for capital improvements projects.

\$ 1,692,000 \$

County of Mariposa - Solid Waste Project Certificates of Participation, dated December 11, 2003, payable in annual installments of \$33,000 to \$161,000, with an interest rate of 4.25% and a maturity on December 1, 2043. At June 30, 2006, \$3,145,000 of the \$3,200,000 had been drawn down. The certificates were used for capital improvement projects.

- 3,062,000

**E. Leases**

**Operating Leases**

Rental expenses incurred under operating leases are not considered material.

**Capital Leases**

The County has entered into certain capital lease agreements under which the related equipment will become the property of the County when all terms of the lease agreements are met.

	Stated Interest Rate	Present Value of Remaining Payments at June 30, 2008
Governmental activities	3.73-8.86%	\$ 19,199
Business-Type Activities	4.89%	57,513
Total		<u>\$ 76,712</u>

Equipment and related accumulated depreciation under capital lease are as follows:

	Governmental Activities	Business-Type Activities
Equipment	\$ 132,312	\$ 176,613
Less: accumulated depreciation	( 30,989)	( 53,203)
Net Value	<u>\$ 101,323</u>	<u>\$ 123,410</u>

**COUNTY OF MARIPOSA, CALIFORNIA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2008**

**NOTE 3: DETAILED NOTES (CONTINUED)**

**E. Leases (Continued)**

**Capital Leases (Continued)**

As of June 30, 2008, capital lease annual amortization is as follows:

Year ending June 30:	<u>Governmental Activities</u>	<u>Business-Type Activities</u>
2009	\$ 19,966	\$ 13,243
2010	-	13,243
2011	-	13,243
2012	-	13,243
2013	-	13,243
Total requirements	19,966	66,215
Less interest	( 767)	( 8,702)
Present Value of Remaining Payments	<u>\$ 19,199</u>	<u>\$ 57,513</u>

**F. Closure/Post Closure**

The County of Mariposa has one landfill site. State and Federal laws and regulations require the County to place a final cover on its landfill site when it stops accepting waste and to perform certain closure and post closure maintenance and monitoring functions at the landfill site for thirty years after closure. Although closure and post closure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a portion of these closure and post closure costs as an expenditure in each year based on landfill capacity used as of each balance sheet date. The \$2,384,011 reported as closure/post closure liability at June 30, 2008, represents the cumulative amount reported to date based on the use of 61.39 percent of total estimated site capacity.

The County will recognize the remaining estimated cost of closure and post closure care of \$1,499,139, as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and post closure care in 2008. Actual costs may be higher due to inflation, change in technology or changes in regulations.

The County is required by State and Federal laws and regulations to make annual contributions to an account to finance closure and post closure care. At June 30, 2008, cash and investments of \$715,127 was held for funding purposes resulting in a deficit of \$1,668,884. The County expects that future inflation costs will be paid from interest earnings on annual contributions to the closure reserve. However, if interest earnings are inadequate or additional post closure care requirements are determined, (due to changes in technology or applicable laws or regulations, for example) these costs may need to be covered by charges to future landfill users or from future tax revenue.

**F. Interfund Transactions**

**Due To/From Other Funds**

During the course of operations, transactions occur between funds to account for goods received or services rendered. These receivables and payables are classified as due from or due to other funds. In addition, when funds overdraw their share of pooled cash, the receivables and payables are also classified as due from or due to other funds. The following are due from and due to balances as of June 30, 2008:

	<u>Due from Other funds</u>	<u>Due to Other funds</u>
General Fund	\$ 1,415,560	\$ -
Assistance Fund	-	497,860
Nonmajor Governmental Funds	-	901,561
Airport	-	16,139
Total	<u>\$ 1,415,560</u>	<u>\$ 1,415,560</u>

**COUNTY OF MARIPOSA, CALIFORNIA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2008**

**NOTE 3: DETAILED NOTES (CONTINUED)**

**F. Interfund Transactions (Continued)**

**Advances To/From Other Funds**

Advances to/from other funds are non-current interfund loans and are offset by a fund balance reserve account in applicable governmental funds to indicate they are not available for appropriations and are not expendable available financial resources. The following are advances to/from other funds as of June 30, 2008:

	<u>Advance to Other Funds</u>	<u>Advance from Other Funds</u>
General Fund	\$ 395,980	\$ -
Nonmajor Governmental Funds	667,500	1,032,980
Solid Waste Operations Fund	-	116,179
Internal Service Funds	85,679	-
Total	<u>\$ 1,149,159</u>	<u>\$ 1,149,159</u>

**Transfers**

Transfers are indicative of funding for capital projects, lease payments or debt service, subsidies of various County operations and re-allocations of special revenues. The following are the interfund transfers for fiscal year ended June 30, 2008:

	<u>Transfer In</u>	<u>Transfer Out</u>
General Fund	\$ 11,389,236	\$ 2,665,050
Road	2,097,068	203,966
Assistance Fund	-	5,816,864
Nonmajor Governmental Funds	897,006	6,192,620
Airport	143,417	-
Nonmajor Enterprise Funds	77,309	-
Internal Service Funds	674,366	399,902
Total	<u>\$ 15,278,402</u>	<u>\$ 15,278,402</u>

**NOTE 4: EMPLOYEES' RETIREMENT PLAN**

**Plan Description**

The County contributes to the California Public Employees Retirement System (PERS), an agent multiple-employer public employee defined benefit plan. PERS provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. PERS acts as a common investment and administrative agent for participating public entities within the State of California. Benefit provisions and all other requirements are established by statute. Copies of PERS' annual financial report may be obtained from their executive office - 400 P Street, Sacramento, CA 95814.

**Funding Policy**

Miscellaneous plan members in PERS are required to contribute 8 percent of their annual covered salary. Safety plan members are required to contribute 9 percent of their annual covered salary. The County is required to contribute the actuarially determined remaining amounts necessary to fund the benefits for its members. The actuarial methods and assumptions used are those adopted by the PERS Board of Administration. The required employer contribution rate for fiscal year 2007/2008 was 16.146 percent for miscellaneous employees and 26.760 percent for safety employees. The contribution requirements of the plan are established by State statute and the employer contribution rate is established and may be amended by PERS. The County is required to contribute the remaining amounts necessary to fund the benefits of its members using the actuarial basis adopted by the PERS Board of Administration.

**COUNTY OF MARIPOSA, CALIFORNIA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2008**

**NOTE 4: EMPLOYEES' RETIREMENT PLAN (CONTINUED)**

**Annual Pension Cost**

For fiscal year 2007/2008, the County's annual pension cost of \$2,153,526 for the miscellaneous plan and \$931,408 for the safety plan was equal to the County's required and actual contributions. The required contribution for fiscal year 2007/2008 was determined as part of the June 30, 2005, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions included (a) 7.75 percent investment rate of return (net of administrative expenses), (b) projected annual salary increases of 3.25 percent to 14.45 percent for miscellaneous plan and 3.25 percent to 14.45 percent for safety plan, depending on age, service, and type of employment, and (c) 3.25 percent per year cost of living adjustment. Both (a) and (b) included an inflation component of 3.0 percent. The actuarial value of PERS assets was determined using techniques that smooth the effect of short term volatility in the market value of investments over a three year period (smoothed market value). PERS unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis. Initial unfunded liabilities are amortized over a closed period that depends on the plan's date of entry into PERS. Subsequent plan amendments are amortized as a level percentage of pay over a closed 20 year period. The table below presents three year trend information.

**Miscellaneous:**

<u>Fiscal Year Ending</u>	<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>
June 30, 2006	\$ 1,822,755	100%	-
June 30, 2007	1,891,988	100%	-
June 30, 2008	2,153,526	100%	-

**Safety:**

<u>Fiscal Year Ending</u>	<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>
June 30, 2006	\$ 769,777	100%	-
June 30, 2007	863,045	100%	-
June 30, 2008	931,408	100%	-

**Funded Status and Funding Progress**

As of June 30, 2007, the most recent actuarial valuation date, the miscellaneous plan was 81.9 percent funded. The actuarial accrued liability for benefits was \$55,679,699, and the actuarial value of assets was \$45,626,643, resulting in an unfunded actuarial accrued liability (UAAL) of \$10,053,056. The covered payroll (annual payroll of active employees covered by the plan) was \$12,604,264, and the ratio of the UAAL to the covered payroll was 79.8 percent.

Since the safety plan had less than 100 active members in at least one valuation since June 30, 2003, it is required to participate in a risk pool and does not present individual plan funded status.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

**NOTE 5: POST EMPLOYMENT BENEFITS**

The County has agreed by resolution to pay post-employment medical insurance benefits for retirees who have been employed by the County for at least five continuous years and are at least age 50 upon retirement. Any employees hired after January 1, 2007, will be subject to a new vesting requirement to receive contributions from the County towards post-employment benefits. A minimum of 10 years of service will be required to receive 50% of the County contribution towards health insurance. Each additional year of service provides an additional 5% on the contribution. At 20 or more years of service the County will pay 100% of the contribution towards health insurance. These benefits are financed on a pay-as-you-go basis. At June 30, 2008, 172 employees were covered and the cost of this coverage for the year ended June 30, 2008, was \$868,812.

**COUNTY OF MARIPOSA, CALIFORNIA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2008**

**NOTE 6: RISK MANAGEMENT**

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; natural disasters; unemployment benefits; and dental benefits provided to employees. The County is self-insured for its general and auto liability, workers' compensation, malpractice liability, and employees' dental coverage. The County has Risk Management Funds (internal service funds) where assets are set aside for claim settlements associated with the above risks of loss up to certain limits. Excess coverage is provided by the California State Association of Counties, Excess Insurance Authority (Authority), a joint powers authority, whose purpose is to develop, and fund programs of excess insurance for its member counties. The Authority is governed by a Board of Directors consisting of representatives of the member counties.

Settled claims resulting from risks have not exceeded the commercial insurance in any of the past fiscal years.

The unpaid claims liability included in the Risk Management Internal Service funds is based on the results of actuarial studies and include amounts for claims incurred, but not reported. Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends, including frequency and amount of pay outs, and other economic and social factors. It is the County's practice to obtain full actuarial studies every three years. Annual premiums are charges by each self-insurance fund using various allocation methods, which include actual costs, trends in claims experience, and number of participants.

All funds of the County participate in the program and make payments to the Risk Management Funds based on actuarial estimates of the amounts needed to pay prior and current year claims insurance premiums, and to establish a reserve for catastrophic losses. The claims liability of \$3,460,000 reported in the funds at June 30, 2008, is based on the requirements of Governmental Accounting Standards Board No. 10, which requires that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Estimates of the liabilities for incurred (both reported and unreported), but unpaid claims are actuarially determined. Liabilities are based on the estimated cost of settling the claims.

At June 30, 2008, there was a deficit in net assets of the risk management funds of (\$2,318,137). This deficit was the result of unfunded Workers' Compensation of \$2,292,924 and General Liability of \$43,880, offset by insurance net assets of \$18,667.

Changes in the County's estimated claims liability amount for the fiscal years 2006, 2007, and 2008 were as follows:

	Estimated Claims Beginning of Fiscal Year	Claims and Changes in Estimates	Balance of Claims Payments	Estimated Claims End of Fiscal Year
2006	\$ 2,946,444	\$ 1,078,204	\$ 593,116	\$ 3,431,532
2007	3,431,532	533,862	505,394	3,460,000
2008	3,460,000	870,296	870,296	3,460,000

**NOTE 7: OTHER INFORMATION**

**A. Contingent Liabilities**

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to be immaterial.

**B. Joint Agencies**

The CSAC Excess Insurance Authority is a joint powers authority organized for the purpose to develop and fund excess insurance programs for member counties. The Authority operates public entity risk pools for workers' compensation, comprehensive liability, property, medical malpractice, and pool purchases excess insurance and services for members. The Authority is under the control and direction of a board of directors consisting of representatives of the fifty member counties.

Complete audited financial statements for CSAC Excess Insurance Authority can be obtained from the Authority's office at 3017 Gold Canal Drive, Suite 300, Rancho Cordova, California 95670.

**COUNTY OF MARIPOSA, CALIFORNIA**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2008**

**NOTE 7: OTHER INFORMATION (CONTINUED)**

**C. Subsequent Events**

As of June 30, 2008, the County's investment pool included various investments of which the fair value may have declined since the June 30<sup>th</sup> value listed in these financial statements. Any decrease in fair market value will be reflected as a reduction in investment earnings as realized. The amount of this decrease is not expected to exceed investment earnings in any period.

In November 2008, the California Public Employees Retirement System (PERS) reported that in the year ended June 30, 2008, its real estate portfolio declined to \$6.08 billion from \$9.36 billion, based on independent appraisals of its investments in housing units across the country. If PERS' investment performance does not regain this decline, it is very likely that contribution rates to the pension fund will increase.

**D. New Accounting Pronouncements**

The Governmental Accounting Standards Board (GASB) has released the following new standards:

GASB Statement No. 45, Accounting and Financial Reporting by Employers of Postemployment Benefits Other Than Pensions (OPEB) addresses how state and local governments should account for and report their costs and obligations related to postemployment healthcare and other nonpension benefits. Collectively, these benefits are commonly referred to as other postemployment benefits, or OPEB. The statement generally requires that employers account for and report the annual cost of OPEB and outstanding obligations and commitments related to OPEB in essentially the same manner as they currently do for pensions. Annual OPEB cost for most employers will be based on actuarially determined benefits as they come due. This statement's provisions may be applied prospectively and do not require governments to fund their OPEB plans. An employer may establish its OPEB liability at zero as of the beginning of the initial year of implementation; however, the unfunded actuarial liability is required to be amortized over future periods. This statement also establishes disclosure requirements for information about the plans in which an employer participates, the funding policy followed, the actuarial valuation process and assumptions, and for certain employers, the extent to which the plan has been funded over time. GASB Statement No. 45 is effective for the County's fiscal year ending June 30, 2009.

Statement No. 49, Accounting and Financial Reporting for Pollution Remediation Obligations, issued in November 2006. This Statement establishes accounting and financial reporting standards for pollution (including contamination) remediation obligations, which are obligations to address the current or potential detrimental effects of existing pollution by participating in pollution remediation activities such as site assessments and cleanups. The Statement establishes once any of five specified obligating events occurs, that a government is required to estimate the components of the expected pollution remediation outlays and determine whether the outlays for those components should be recorded as a liability or, if appropriate, capitalized when goods and services are acquired. GASB Statement No. 49 is effective for financial statements for years beginning after December 15, 2007.

Statement No. 51, Accounting and Financial Reporting for Intangible Assets requires that all intangible assets not specifically excluded by its scope provisions be classified as capital assets. Accordingly, existing authoritative guidance related to the accounting and financial reporting for capital assets should be applied to these intangible assets, as applicable. This Statement also provides authoritative guidance that specifically addresses the nature of these intangible assets. Such guidance should be applied in addition to the existing authoritative guidance for capital assets. GASB Statement No. 51 is effective for financial statements for years beginning after June 15, 2009.

Statement No. 52, Land and Other Real Estate Held as Investments by Endowments improves the quality of financial reporting by requiring endowments to report their land and other real estate investments at fair value, creating consistency in reporting among similar entities that exist to invest resources for the purpose of generating income. GASB Statement No. 52 is effective for financial statements for years beginning after June 15, 2008.

Statement No. 53, Accounting and Financial Reporting for Derivative Instruments addresses the recognition, measurement, and disclosure of information regarding derivative instruments entered into by state and local governments. Derivative instruments are often complex financial arrangements used by governments to manage specific risks or to make investments. By entering into these arrangements governments receive and make payments based on market prices without actually entering into the related financial or commodity transactions. Derivative instruments associated with changing financial and commodity prices result in changing cash flows and fair values that can be used as effective risk management or investment tools. Derivative instruments, however, also can expose governments to significant risks and liabilities. Common types of derivative instruments used by governments include interest rate and commodity swaps, interest rate locks, options (caps, floors, and collars), swaptions, forward contracts and futures contracts. GASB Statement No. 53 is effective for financial statements for years beginning after June 15, 2009.

---

**REQUIRED SUPPLEMENTARY INFORMATION**  
**(Unaudited)**

**THIS PAGE INTENTIONALLY LEFT BLANK**

**COUNTY OF MARIPOSA, CALIFORNIA**  
**REQUIRED SUPPLEMENTARY INFORMATION**  
**SCHEDULE OF FUNDING PROGRESS (UNAUDITED)**  
**FOR THE YEAR ENDED JUNE 30, 2008**

**SCHEDULE OF FUNDING PROGRESS - PENSION**

The table below shows a three-year analysis of the most recent actuarial value of assets as a percentage of the actuarial accrued liability and the unfunded actuarial accrued liability as a percentage of the annual covered payroll for the County miscellaneous plan. Since the safety plan had less than 100 active members in at least one valuation since June 30, 2003, it is required to participate in a risk pool and does not present individual plan funded status.

**Miscellaneous Plan:**

Valuation Date	Entry Age Normal Accrued Liability	Actuarial Value of Assets	Unfunded Liability (Excess Assets)	Funded Ratios		Annual Covered Payroll	UAAL as a % of Payroll
				Actuarial Value	Market Value		
June 30, 2005	\$ 45,406,810	\$ 37,079,068	\$ 8,327,742	81.7%	84.1%	\$ 10,798,006	77.1%
June 30, 2006	50,102,891	40,918,792	9,184,099	81.7%	86.6%	11,675,006	78.7%
June 30, 2007	55,679,699	45,626,643	10,053,056	81.9%	94.8%	12,604,264	79.8%

**COUNTY OF MARIPOSA, CALIFORNIA**  
**REQUIRED SUPPLEMENTARY INFORMATION**  
**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**  
**FOR THE YEAR ENDED JUNE 30, 2008**

**A. SCHEDULE OF FUNDING PROGRESS - PENSION**

The Schedule of Funding Progress - Pension presents a consolidated snapshot of the County's ability to meet current and future liabilities with the plan assets. Of particular interest to most is the funded status ratio. This ratio conveys a plan's level of assets to liabilities, an important indicator to determine the financial health of the pension plan. The closer the plan is to a 100% funded status, the better position it will be in to meet all of its future liabilities.

The County of Mariposa has less than 100 active employee members in its Safety Plan and is required to participate in a risk pool. Therefore, the individual plan funded status is not presented.

**B. BUDGETARY BASIS OF ACCOUNTING**

The County follows these procedures annually in establishing the budgetary data reflected in the financial statements:

1. The County Administrative Officer submits to the Board of Supervisors a proposed draft budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing them.
2. The Board of Supervisors reviews the proposed budget at regularly scheduled meetings, which are open to the public. The Board also conducts a public hearing on the proposed budget to obtain comments from interested persons.
3. Prior to July 1, the budget is adopted through the passage of a resolution.
4. From the effective date of the budget, which is adopted and controlled at the department level, the amounts stated therein, as proposed expenditures become appropriations to the various County departments. The Board of Supervisors may amend the budget by motion during the fiscal year. The County Administrative Officer may authorize transfers from one object or purpose to another within the same department.

Formal budgetary integration is employed as a management control device during the year. The County presents a comparison of annual budgets to actual results for the County's General and Major Special Revenue funds. The amounts reported on the budgetary basis are generally on a basis consistent with accounting principles generally accepted in the United States of America (GAAP).

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER  
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

Board of Supervisors and the Grand Jury  
County of Mariposa  
Mariposa, California

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Mariposa, California (County), as of and for the year ended June 30, 2008, which collectively comprise the County's basic financial statements and have issued our report thereon dated February 9, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the County's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the County's financial statements that is more than inconsequential will not be prevented or detected by the County's internal control. Significant deficiencies are described in the accompanying Schedule of Findings and Questioned Costs as item number 08-FS-01, 08-FS-02, and 08-FS-03.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the County's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, we believe that none of the significant deficiencies described above is a material weakness.

Compliance and Other Matters

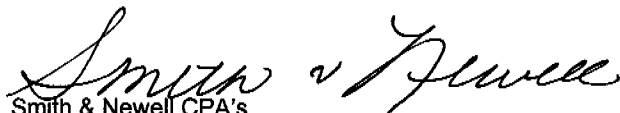

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

We noted certain other matters that we reported to management of the County in a separate report dated February 9, 2009.

Board of Supervisors and the Grand Jury  
County of Mariposa  
Mariposa, California

The County's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the County's response, and accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, others within the organization, the Board of Supervisors and Grand Jury, and Federal awarding agencies and is not intended to be and should not be used by anyone other than those specified parties.

A handwritten signature in cursive script, appearing to read "Smith & Newell", is written in dark ink.

February 9, 2009

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

To the Board of Supervisors and Grand Jury  
County of Mariposa  
Mariposa, California

**Compliance**

We have audited the compliance of County of Mariposa, California, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2008. The County's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the County's compliance with those requirements.

In our opinion, the County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2008. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as item 08-SA-01.

**Internal Control Over Compliance**

The management of the County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinions on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

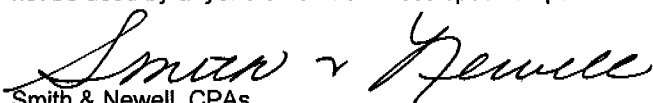

To the Board of Supervisors and Grand Jury  
County of Mariposa  
Mariposa, California

The County's response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the County's response and, accordingly, we express no opinion on it.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of County of Mariposa, California, as of and for the year ended June 30, 2008, and have issued our report thereon dated February 9, 2009. Our audit was performed for the purpose of forming our opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of management, others within the organization, the Board of Supervisors and Grand Jury, federal awarding agencies and pass through entities and is not intended to be and should not be used by anyone other than these specified parties.

**COUNTY OF MARIPOSA, CALIFORNIA**  
**NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**FOR THE YEAR ENDED JUNE 30, 2008**

**1. REPORTING ENTITY**

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal financial assistance programs of the County of Mariposa. The County of Mariposa reporting entity is defined in Note 1 to the County's basic financial statements. All federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included on the schedule.

**2. BASIS OF ACCOUNTING**

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the County and is presented on accounting principles generally accepted in the United States of America. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the financial statements.

**3. RELATIONSHIP TO FINANCIAL STATEMENTS**

The amounts reported in the accompanying Schedule of Expenditures of Federal Awards agree, in all material respects, to amounts reported within the County's financial statements, federal award revenues are reported principally in the County's financial statements as inter governmental revenue in the General and Special Revenue Funds.

**4. PASS -THROUGH ENTITIES' IDENTIFYING NUMBER**

When federal awards were received from a pass-through entity, the Schedule of Expenditures of Federal Awards shows, if available, the identifying number assigned by the pass-through entity. When no identifying number is shown, the County determined that no identifying number is assigned for the program or the County was unable to obtain an identifying number from the pass-through entity.

**5. PROGRAM CLUSTERS**

Federal programs, which must be audited together as a program cluster, include the following:

<u>Federal CFDA</u>	<u>Program Title</u>	<u>Federal Expenditures</u>
<u>Food Stamp Cluster</u>		
10.551	Food Stamps	\$ 1,160,183
10.561	State Administrative Matching Grants for Food Stamp Program	<u>155,828</u>
	Total	<u>\$ 1,316,011</u>

**COUNTY OF MARIPOSA, CALIFORNIA**

CFDA 93.659	08-SA-01
-------------	----------

**COUNTY OF MARIPOSA, CALIFORNIA**  
**SCHEDULE OF FINDINGS AND QUESTIONED COSTS**  
**FOR THE YEAR ENDED JUNE 30, 2008**

**08-FS-01 STATEMENT ON AUDITING STANDARDS NO. 112**

**Condition**

Currently, the County relies on the external auditors to ensure its financial statements are in accordance with generally accepted accounting principles (GAAP).

**Cause**

Prior to issuance of SAS 112, the County was able to rely on the external auditors to assist with the financial statements and related notes without being subject to control deficiencies.

**Criteria**

In May 2006, a new auditing standard, Statement on Auditing Standard No. 112, Communicating Internal Control Related Matters Identified in an Audit (SAS 112), was issued. The standard provides guidance in that if an entity is unable to draft its own financial statements, there may be a material weakness or significant deficiency. External auditors cannot be part of the County's internal controls, including controls over the preparation of the financial statements, and are prohibited from auditing their own work as doing so impairs their independence.

The County should have the capacity to prepare full disclosure financial statements in accordance with generally accepted accounting principles. To carry out this responsibility, the County must have proper internal controls over financial reporting in place. Proper internal controls over financial reporting include, but are not limited to, internal controls that identify misstatements in the financial records, retaining staff competent in financial reporting and related oversight roles, and adequate design of internal control over the preparation of the financial statements.

**Effect of Condition**

The risk of misstatement in the financial statements increases when management is not able to apply GAAP in recording the entity's financial transactions or preparing its financial statements, including the related notes. Also, by relying on the external auditors to ensure its financial statements are in accordance with GAAP, the County is considering the external auditors a part of its internal controls over the preparation of the financial statements.

**Recommendation**

The County may consider the following possible actions:

1. Provide training opportunities for its accounting staff that would enable them to become more familiar with the general disclosure requirements. This training should include, but is not limited to, the usage of a disclosure checklist, which provides guidance to the financial statement's content and whether a necessary disclosure has been overlooked.
2. Hire an external accountant to confirm that the financial statements and related disclosures are in accordance with GAAP.
3. Take no action. The County may find that the costs outweigh the benefits to adhere to this standard. No action will continue to result in a significant deficiency in the County's internal controls over the preparation of the financial statements.

**Corrective Action Plan**

Mariposa County is one of the smaller California counties and has historically worked with our independent auditors in the completion of financial statements. We recognize the importance of maintaining independence with our external auditors and have made every attempt to maintain internal controls. This office has staffing limitations but will make an effort to draft our own financial statements in the future.

**COUNTY OF MARIPOSA, CALIFORNIA**  
**SCHEDULE OF FINDINGS AND QUESTIONED COSTS**  
**FOR THE YEAR ENDED JUNE 30, 2008**

**08-FS-02 AIRPORT ENTERPRISE FUND (Financial Reporting: Significant Deficiency)**

**Condition**

During the year ended June 30, 2008, the County transferred the Airport activity out of the General fund and established a separate enterprise fund to account for this activity. We noted however, that the County still maintained two special revenue funds relating to airport grants, two capital project funds relating to airport capital projects and two loans for airport hangars that were not transferred to the Airport enterprise fund.

**Cause**

The County does not appear to have completed the transfer of the Airport from a governmental activity using modified accrual accounting to an enterprise fund activity using full accrual accounting.

**Criteria**

Generally accepted accounting principles requires that enterprise funds be accounted for on the economic resources measurement focus and the full accrual basis of accounting. All assets including all capital assets as well as all liabilities including loans payable should be reflected in the enterprise fund.

**Effect of Condition**

All activity related to the operation of the Airport does not appear to be accurately reflected in the Airport enterprise fund.

**Recommendation**

We recommend that all activities relating to the operation of the Airport enterprise fund be analyzed and properly classified as a part of the enterprise fund operation.

**Corrective Action Plan**

The County is currently in the process of completing the transfer of all Airport related activity to the enterprise fund as referenced in the above condition. We anticipate this will be completed in the fiscal year 2008-09.

**08-FS-03 UNEARNED/DEFERRED REVENUES (Financial Reporting: Significant Deficiency)**

**Condition**

We noted deferred revenues in the Water Agency, fund 312, were classified as unearned revenues instead of deferred revenues, resulting in an error in prior year net assets on the Governmental Activities Statement of Net Assets.

**Cause**

The names of deferred and unearned revenues have not been reviewed for compliance with Government Accounting Standards Board (GASB) definitions.

**Criteria**

In governmental fund accounting and reporting, deferred revenue is recorded under the modified accrual basis of accounting when revenue which has been earned has met the measurable criteria but has not met the available criteria.

Unearned revenue is recorded under both the accrual and modified accrual basis of accounting when revenue has been received before the earnings process is complete.

**COUNTY OF MARIPOSA, CALIFORNIA  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED JUNE 30, 2008**

**08-FS-03    UNEARNED/DEFERRED REVENUES (Financial Reporting: Significant Deficiency)(CONTINUED)**

**Effect of Condition**

Deferred revenues were incorrectly recorded as unearned revenues resulting in a prior period adjustment to correct an understatement of net assets on the Governmental Activities Statement of Net Assets.

**Recommendation**

We recommend that the County analyze all classifications of unearned and deferred revenues to ensure that balances are properly classified and titled on the general ledger.

**Corrective Action Plan**

The County has analyzed deferred and unearned revenue accounts in the general ledger and the appropriate reclassifications have been made.

**COUNTY OF MARIPOSA, CALIFORNIA**  
**SCHEDULE OF FINDINGS AND QUESTIONED COSTS**  
**FOR THE YEAR ENDED JUNE 30, 2008**

08-SA-01

<b>Name:</b>	<b>ADOPTION ASSISTANCE</b>
<b>CFDA #:</b>	<b>93.659</b>
<b>Federal Grantor:</b>	<b>U.S. Department of Health and Human Services</b>
<b>Pass Through Entity:</b>	<b>State Department of Social Services</b>
<b>Award No.:</b>	<b>N/A</b>
<b>Year:</b>	<b>2007/2008</b>

**Condition**

Title 22 California Code of Regulations Section 35331(a) requires that the determination of the child's eligibility for adoption assistance be documented in the case record on the Eligibility Certification - Adoption Assistance Program form (the AAP-4). The County does document eligibility on the AAP-4 by the completion of the form, which is signed by the "Authorized Official of Public Adoption Agency". However, a second signature is required on the AAP-4. The "Authorized Official of County Welfare Department" must sign the AAP-4 and check the appropriate box, which indicates FFP eligibility or non-eligibility.

On six of twenty-five cases tested, the AAP-4's were completed and signed by the "Authorized Official of Public Adoption Agency" but the AAP-4's were not signed by the "Authorized Official of County Welfare Department," which is the County eligibility staff. We also noted that one of the case files did not have the AAP-4.

**Perspective**

Appropriate training or review procedures concerning required forms completion was inadequate.

**Criteria**

The County is not in compliance with Title 22 California Code of Regulations Section 35331(a).

**Effect of Condition**

When the AAP-4 is not available for review or signed by the Authorized Official of County Welfare Department and/or the federal eligibility or non-eligibility box is not marked, the likelihood of errors in eligibility determination increase.

**Questioned Costs**

No costs are questioned. All twenty-one cases were eligible for federal Adoption Assistance. The problem was that their eligibility was not properly documented, as required, on the AAP-4.

**Recommendation**

We recommend that the County require that the AAP-4's be signed by the "Authorized Official of County Welfare Department" (County eligibility staff) and that this person check the appropriate box showing determination of FFP eligibility on the bottom of this form. We also recommend that the County incorporate into their review process procedures to ensure that the AAP-4's are properly completed and executed.

**Corrective Action Plan**

Mariposa County has provided additional and refresher training to the AAP staff, requiring all AAP-4's be signed by them and to check the appropriate box showing the determination of FFP eligibility. All AAP case files will be reviewed to ensure the above elements have been completed.

**COUNTY OF MARIPOSA, CALIFORNIA**  
**SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS**  
**FOR THE YEAR ENDED JUNE 30 2008**

**Audit Reference**

**Status of Prior Year Audit Findings**

There were no prior year audit findings.
